Notice

These scenarios were created on the modified V2 of the route that can be downloaded from rail-sim.de. However, a version of the scenarios for the original route is also included. Install the version(s) that you like.

Installation

These scenarios are packaged in the same ".rwp" file. Install the selected version(s) through Train Simulator Classic package manager that you will find in your railworks folder (Utilities.exe).

Thanks

I'd like to thank all route and rolling stock/reskin creators.

To report any problem or feedback, please send an email to railworks@beluxtrains.net.

Have fun !
